As you may know, the Government of Canada has taken a number of measures to slow the spread of COVID-19, including restricting travel and closing the border to most non-citizens. Given the circumstances, do you believe the federal government has gone too far, not far enough, or has taken the appropriate degree of action?

The Emergencies Act gives the Government of Canada additional powers during a time of crisis, such as prohibiting travel, enforcing self-isolation, limiting assemblies, and mobilizing the military to back up the health system. To what extent would you support or oppose the federal government enacting the Emergencies Act to combat the COVID-19 pandemic?
